NEW YORK

New York
Written and Composed by Oliver Sean

Verse 1:

Oh my god she's so damn pretty
Looking at me mouthing every word of the songs that I sing
Smiles at me as she catches me staring
Looking New York pretty, she could
Change everything

PreChorus 1:

All my walls are breaking
Involuntarily
As I sing, for her in
New York City

Chorus:

Wo oh oh,
Every move, every breath, every word that you say
Wo oh oh, I'm coming home
Wo oh oh
I want you in the front row of my life now baby
wo oh oh oh, I say wo oho oh oh
New York

Verse 2:

Singing every word I've ever written
Everyone and everything in this room just fades away
And every kiss from you I imagine
Will be more than enough girl to make me stay

PreChorus 2:

All my walls are breaking
As she sings to me
From the front row, of my gig
In New York City

Chorus:

Wo oh oh,
Every move, every breath, every word that you say
Wo oh oh, I'm coming home
Wo oh oh
I want you in the front row of my life now baby
wo oh oh oh, I say wo oho oh oh
New York

First Move

OLIVER SEAN

The First Move
Written & Composed by Oliver Sean

Verse
It's been a long time coming
I've been meaning to tell you
I wanna hold you and kiss you
So bad

And I guess you've figured out
I'm kinda shy
When I see you smiling
I get tongue tied

Chorus
So listen to this song baby
This is me telling you maybe
You should make the first move
Cause that will be the right move
And I'll be kissing you and we won't waste another moment tonight

Outro
Tootooro toorooroorooro
Toottoorooro x 2

Verse
You look smoking in that black dress
While you're smoking that cigarette
I wanna ask you out
I wanna make you mine

And we could be good together
Could even be forever
Hey we could take it slow
Or as fast as superman flies

Chorus
So listen to this song baby
This is me telling you maybe
You should make the first move
Cause that will be the right move
And I'll be kissing you and we won't waste another moment tonight

Outro
Tootooro toorooroorooro

Come For Me
Written & Composed by Oliver Sean

Verse 1:

I see your body
Naked right beside me
Sweat dripping down
Your skin

It's dark
And the moonlight's shining off you
It's hot
ohh baby, that's just you

We've been making
Love all night long
There ain't no plans
To stop!
Till the sun comes up ooohoo

Chorus:

So keep on coming
Coming to me
And keep on running
Running to me
And keep on kissing
Kissing me
Yes keep on coming
.... For me.

Verse 2:

Feels like the first time
Every time you take your clothes off
And I play your body
Like I play my guitar

So let's keep on doing this
All summer long
let's keep on making this
Into our song

We've been making
Love all night long
There ain't no plans
To stop!

Till the sun comes up ooohoo

Chorus:

So keep on coming

Coming to me

And keep on running

Running to me

And keep on kissing

Kissing me

Yes keep on coming

.... For me.

Devil in Blue Jeans
Written & Composed by Oliver Sean

Verse:

She walks on by
Gives me the eye
I know this woman
Is gonna make me cry
She's the devil
In blue jeans
And when she shakes it at me
Makes me scream

Chorus:

Take me take me
Take me baby
Take me down
Take me all the way to hell

Crazy crazy
You make me baby
I'm going down
Down down down to hell

Verse:

She grabs my hand
And drags me in
She's got me thinking
It's a sin

The way she moves
In those blue jeans
If that's the devil
Then by all means

Chorus:

Take me take me
Take me baby
Take me down
Take me all the way to hell

Crazy crazy
You make me baby
I'm going down
Down down down to hell

Walk up and Kiss you
Written and Composed by Oliver Sean

Verse:
I...want ... You
Looking at you dancing in that summer rain
And every time you say I love you
Oh this feeling baby I can't explain

Chorus:
I wanna walk up
And kiss you
And love you tonight

I wanna walk up
And kiss you
And love you tonight

Verse:
You've got a thousand...shoes
With those legs that go on and on I can't complain
When we are together we are stuck like glue
Let the whole world see that I'm your man

Chorus:
I wanna walk up
And kiss you
And love you tonight

I wanna walk up
And kiss you
And love you tonight

Bridge:
So keep on doing what you do
To me slowly
We've got tonight
We've got tonight

Magic

Written & Composed by Oliver Sean

Verse 1:

You could make me
Drop everything
In a second
It's true

And I'd still fly away
To anywhere
With you

If you could hear my thoughts
Every time we talk
You wouldn't have to
think this through

Chorus:

And I can't tell you
What your kisses can do to me
Cause if you knew
You'd see its Magic
You can do

Verse 2:

You could make me
Break me
In a second
It's true

And I'd still give at all,
Everything
To you

If you see me fall
Would you help me, help me
Make it through

Chorus:

And I can't tell you
What your kisses can do to me
Cause if you knew
You'd see its Magic
We can do

Somebody
Written & Composed by Oliver Sean

Verse:
An old man
Sitting in his chair
Starring at the sun

I guess he's looking back
At his younger days
Thinking of the things he could have done

As I sit on this park bench
looking at him and the world go by
Can't help feel times running out

Have I done enough
Have I missed the boat
Am I just gonna stare

Chorus:
I'm gonna be somebody
I'm gonna be a star
I'm gonna walk
All the way
Till I reach the top

Verse:
Been looking for love
All my life
I've finally realised

It's always been here
In every note I've played
It's what makes me who I am

Chorus:
I'm gonna be somebody
I'm gonna be a star
I'm gonna walk
All the way
Till I reach the top
I'm gonna get my breaks
I'm gonna eat the cake
I believe in myself
No I ain't gonna stop
Till I reach the top

Outro:
An old man
Sitting in his chair
Just starring at the sun
